

Refined design. Right at the glass.

Made to measure for windows & doors

GLAZING-BEAD ROLLER SHADE

SLIM ALUMINUM. PRECISE CONTROL.

Top-down configuration shown

Also available in a bottom-up configuration.

A tailored fit. Guided fabric. Light and privacy, beautifully controlled.

Designed around the window.

A compact cassette and aluminum side guides fit close to the glass. Glazing-bead mounting suits compatible tilt-and-turn windows and glazed doors.

Choose how privacy moves.

Specify top-down for shading from above, or bottom-up for privacy below with daylight above. Position the fabric using the operating grip. Canadian units require a hidden chain.

MADE-TO-MEASURE SIZES

12-60 in wide / up to 60 in high
12-48 in wide / up to 86 in high

For heights over 4 times the width,
consult MHZ before ordering.

GLAZING-BEAD MOUNT

Minimum bead depth: 12 mm.
Spacer profiles required at
depths of 12-20 mm.

Use the SKID measuring template.

FOUR HARDWARE FINISHES

100 Silver anodized
171 White
610 Anthracite gray
670 Black

Fabric selection: Choose a SKID-compatible fabric for privacy, glare control or room darkening. Confirm fabric availability, window clearances and mounting suitability before ordering.
